### **Who we are and what we do**

Cambio Ltd is a family-owned business that supplies reagents and kits largely for life science research purposes to a broad customer base, predominantly located in the United Kingdom and Ireland, but also to other countries in around the world. Cambio is mainly a distribution business but we also manufacture some of our own products including human genomic DNA. Cambio has a turnover of < £1m per annum and <20 employees who are treated with the utmost respect. Where the right to freedom of association and collective bargaining is restricted under law, Cambio Ltd facilitates, and does not hinder, the development of parallel means for independent and free association and bargaining.

## **Working conditions**

Working conditions at Cambio Ltd are safe and hygienic, bearing in mind the prevailing knowledge of the industry and of any specific hazards. Adequate steps are taken to prevent accidents and injury to health arising out of, associated with, or occurring in the course of work, by minimising, so far as is reasonably practicable, the causes of hazards inherent in the working environment. Cambio Ltd assigns the responsibility for health and safety to the Managing Director.
