

**Antibody to Human TIMP-2**  
**(Tissue inhibitor of metalloproteinase)**  
**(Polyclonal Rabbit)**

<b>Cat. No.:</b>	CA-1188-BS2.
<b>Isotype:</b>	Purified rabbit IgG.
<b>Specificity:</b>	Not known to Inhibit biological activity.
<b>Cross reactions:</b>	Reacts with recombinant TIMP-2 in the reduced state and with no other proteins so far tested other than with equine TIMP-2 with which there is no cross reaction.
<b>Titre:</b>	Use 1:500 dilution in Western Blots (at 2 µg/ml N.B. using chloronaphthol as the detection reagent) Untested as yet for ELISA and immunolocalisation.
<b>Presentation:</b>	100 µg (c=1 mg/ml) purified IgG in PBS containing 0.02% (w/v) azide.
<b>Applications:</b>	Immunoblotting including Western Blotting and related applications e.g. ELISA.
<b>Storage:</b>	Store at +4 °C. For extended storage, freeze in working aliquots at –20 °C. Avoid repeated freezing and thawing.

**For Research Use Only**
